

BIOTECH DENTAL

QUALITY CERTIFICATE BIOTECH DENTAL

Biotech Dental is a major player in dental implants, with more than one million implants sold worldwide.

All of our products are manufactured in France. By virtue of this, we wished to provide proof of certification of the origin of our Kontakt®, Kontakt S® and Weego.FR products by means of the official and recognized label, France Garantie.

We are committed to developing and manufacturing products of quality, in accordance with the normative regulatory requirements in force.

Thanks to Biotech Dental's 30 years of experience in designing and manufacturing dental implants, Biotech Dental is delighted to consistently offer you the most innovative and scientifically proven products, providing your patients with safe and durable solutions.

Biotech Dental's products have the EC and EC0459** marking.

AFNOR Cert. 73017

* For more information on our warranty programme, please consult our brochure.

** The EC certificate is available on our website www.biotech-dental.com
